## IMPROV UNIVERSITY

BY POPULAR DEMAND...  
RED CARPET KIDS ROLLS OUT IMPROV UNIVERSITY  
EXCLUSIVELY FOR KIDS!

At Red Carpet Kids, we believe that Improvisation is one of the most valuable tools in building, confidence, poise and creativity. More than a performance activity, Improv is a powerful learning instrument that teaches children to use their imagination, to improve their listening and observation skills and to have fun in the moment!

It is great for all types of kids from the outgoing to the shy.

Through games, songs, scenes, sketches, and a myriad of other fun activities, children will learn to follow their instincts and work in an ensemble group while developing their social skills and building their self-esteem.

We have assembled expert Improv teachers from the most highly acclaimed schools in the country (Second City, Upright Citizens Brigade, and the Groundlings) and developed a specialized Improv curriculum just for kids!
